Update on Leadership Teams

Youth Leadership Team being developed - Could someone get the names of the youth leadership team from Abigail in the coming weeks and share with all of us? Ellie and Jules are the two youth leaders that we have right now - Fall is a launch date for Youth Leadership Team

Notes made:

How much responsibility does this team have to identify and equip leaders at KUMC

What are the things that we can do as a team that can help the church?

What needs do we have around the church right now?

- Communication about what the teams do and what they have accomplished during the year
- Train up the people in leadership now - create some sort of "Foundations course"
- Succession management plan in place by the years (2020) end?
 - This could be specific to a person (we need to fill this position...)
 - This could also be a general "what we hope for someone in this position would have" idea

Previous schedule for the year:

What do we expect/hope to accomplish in light of new reality?

- Two task forces from this team
 - David Burke - to pull together team of Elizabeth, Richard and Tonya to being to sketchout a foothold of where to begin around leadership development, succession, communications, or the things they find to be the starting points to what is next
 - David Gerig - to pull together the rest of the Lay Leadership team in order to come up with a plan to address how to identify people for the coming year's leadership positions.
 - Jason Valendy - to pull the Lay Leadership team together (using a Doodle Poll to find a date) that will provide the two task forces time to share where they are and for the rest of the team to give feedback on next steps.

Next Meeting date: TBD
