

Meet Dan Reid

Dan has been part of our staff for three years in the position of Financial Administrator. His responsibilities include ensuring that our financial books are in order regarding all expenses, income received (including on-line giving), and the payroll. In addition, he handles all the financial reports to various committees, small group leaders, the program leaders on staff and budget updates for the congregation.

Dan says what he loves most about his job is numbers. More specifically he likes finding out where they go and making sure they are in the right spot. Dan's work at Keller UMC is a ministry for him. He wants to do God's will and help others any way he can. Recently he played a key role when Keller UMC applied for the government relief funding to help ensure our financial stability and staffing during the COVID-19 pandemic. His previous banking experience was a real asset in that process.

Dan originally called Amarillo home. He loves to cook! His newest interest as a chef is Sous Vide cooking. He says the water bath makes steaks very juicy and taste good.

He is madly in love with his wife of 36 years, Jana, and has three somewhat grown (out of the house at the moment) children. Joshua and his wife, Shelbi, live in the DFW area where he works in a corporate IT department. Jordan, manages a local Granbury restaurant. Joel lives in Houston where he works for a pharmaceutical consulting company. Most importantly, Dan has a new grandchild, Ellie June Reid, who is overwhelming special!

Thank you, Dan, for keeping Keller UMC on track in all things financial.

If you want to reach Dan, you can email him at danr@kellerumc.org.
