

## **Meet Nancy Smith**

Nancy Smith is a long-time member of our staff at Keller UMC, serving since 2006. She is currently Director of the Building Blocks Preschool program. Her responsibilities in this position include managing staff members and all facets of the operations that make Building Blocks the amazing preschool it is. She is respected by her staff. Nancy says she enjoys building relationships with the families that entrust the care of their children to the Building Blocks staff, seeing smiling faces every day, and seeing the world through the eyes of children. She also values the sense of community and friendly people that are part of working at Keller UMC.

When she is not at work, Nancy loves to be outdoors – especially if there are mountains to see. She also loves music and animals. She is fascinated by a child's imagination. Nancy grew up in Prairie Village, Kansas.

If you want to contact Nancy, you can email her at [nancys@kellerumc.org](mailto:nancys@kellerumc.org)

Thank you, Nancy for all you do to keep children learning, having fun and staying safe when they are in Building Blocks!
